EXECUTIVE SUMMARY

AUDIT EXAMINATION OF THE METCALFE COUNTY FISCAL COURT

June 30, 2006

Ross & Company, PLLC has completed the audit of the Metcalfe County Fiscal Court for fiscal year ended June 30, 2006. We have issued unqualified opinions, on the governmental activities, each major fund, and the aggregate remaining fund information of Metcalfe County, Kentucky. In accordance with OMB-A-133, we have issued an unqualified opinion on the compliance requirements that are applicable to Metcalfe County's major federal programs. We have issued a qualified opinion, based on our audit and the report of the other auditors, on the discretely presented component unit because of its differing basis of accounting from Metcalfe County's.

Financial Condition:

The fiscal court had net assets of \$6,259,689 as of June 30, 2006. The fiscal court had unrestricted net assets of \$2,971,045 in its governmental activities as of June 30, 2006. The fiscal court's discretely presented component unit had net assets of \$2,201,785 as of June 30, 2006. The discretely presented component unit had net cash and cash equivalents of \$137,402. The fiscal court had total debt principal as of June 30, 2006 of \$6,568,398 with \$666,204 due within the next year.

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Metcalfe County, Kentucky, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Metcalfe County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Metcalfe County Health Services, Inc., a discretely presented component unit, which represents 100%, respectively of the assets and revenues of the discretely presented component opinion unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Metcalfe County Health Services, Inc., is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit, and the report of other auditors, provides a reasonable basis for our opinions.

As described in Note 1, Metcalfe County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The financial statements of Metcalfe County Health Services, Inc., a discretely presented component unit of the Metcalfe County Fiscal Court, are presented in accordance with the accrual basis of accounting and therefore include certain accruals required by accounting principles generally accepted in the United States of America. These accruals are not in accordance with the modified cash basis of accounting. The amounts by which these accruals affect the financial statements are not reasonably determinable.

To the People of Kentucky

Honorable Steven L. Beshear, Governor

Jonathan Miller, Secretary

Finance and Administration Cabinet

The Honorable Greg Wilson, Metcalfe County Judge/Executive

The Honorable Donald Butler, Former Metcalfe County Judge/Executive

Members of the Metcalfe County Fiscal Court

In our opinion, based on our audit and the reports of other auditors, except for the effects of such adjustments, if any, as might have been determined had the Metcalfe County Health Services, Inc. been prepared using the same basis of accounting as Metcalfe County, Kentucky, the financial statements referred to above present fairly, in all material respects, the respective financial position of the discretely component unit of Metcalfe County, Kentucky as of June 30, 2006 and the respective changes in financial position thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Metcalfe County, Kentucky, as of June 30, 2006, and the respective changes in financial position, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

The county has not presented the management's discussion and analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be part of, the basic financial statements. The budgetary comparison information is not a required part of the basic financial statement but is supplementary information required by (GASB). We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the budgetary comparison information. However, we did not audit it and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Metcalfe County, Kentucky's basic financial statements. The accompanying combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is not a required part of the basic financial statements. The combining fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated January 9, 2008, on our consideration of Metcalfe County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
The Honorable Greg Wilson, Metcalfe County Judge/Executive
The Honorable Donald Butler, Former Metcalfe County Judge/Executive
Members of the Metcalfe County Fiscal Court

Based on the results of our audit, we present the accompanying schedule of findings and questioned costs, included herein, which discusses the following report comments:

METCALFE COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2006

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Property tax receivables, accounts payable, compensated absences, and donated assets, among other items, are not reflected in the financial statements.

Metcalf County Health Services, Inc., a discretely presented component unit of Metcalf County Fiscal Court, presents its financial statements in accordance with generally accepted accounting principles. The discretely presented component unit has adopted the accrual basis of accounting under which revenues are recognized when they are earned and expenses are recognized when incurred. The funds are accounted for on an economic resource measurement focus. With this measurement focus, all assets and liabilities are included on the Statement of Net Assets.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of Metcalf County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. All other component units are discretely presented.

Blended Component Units

The following legally separate organization provides its services exclusively to the primary government, and the fiscal court is able to impose its will on this organization. This organization's balances and transactions are reported as part of the county's primary government using the blending method.

Metcalf County Public Properties Corporation

The Metcalfe County Fiscal Court (Fiscal Court) has the authority to appoint a voting majority of the Metcalfe County Public Properties Corporation's (PPC) Board of Directors. Fiscal Court also has the ability to approve or modify the PPC's budget, approve or modify rate or fee changes affecting revenues, veto, overrule, or modify decisions of the Board of Directors, or otherwise impose its will on the PPC. In addition, Fiscal Court is financially accountable for the PPC; legally entitled to the PPC's resources as well as legally obligated for the PPC's debt. Financial information for the Public Properties Corporation is blended within Metcalfe County's financial statements.

Discretely Presented Component Unit

The component unit's column in the government-wide financial statements includes the data of the following organization. It is reported on the Statement of Net Assets and the Statement of Activities in a separate column that is labeled as "Component Unit" to emphasize this organization's separateness from the fiscal court's primary government.

Metcalf County Health Services, Inc.

On January 13, 1976, Metcalfe County Fiscal Court (Fiscal Court) authorized a plan for financing a nursing home project in Metcalfe County (County). The County formed Metcalfe Health Care Center Corporation, a non-stock, non-profit, public, and charitable corporation, for such acquisition and construction. Metcalfe County has leased the property, plant, and equipment from the Corporation at an annual rental equal to the total amount of annual debt requirement on the bonds issued and sold by the Corporation. A second non-stock, non-profit, public, and charitable corporation, Metcalfe County Health Services, Inc., was formed by the County to sub-lease and operate the nursing home at the same annual rate.

The bond sale was closed March 3, 1977, and the operations of the nursing home started at this date by Metcalfe County Health Services, Inc. The nursing home is operated with two levels of care, skilled care and personal care. The nursing home has seventy-one skilled care beds and thirty personal care beds. The nursing home serves residents principally from Metcalfe County and the surrounding area.

The Corporation is exempt from federal income tax as an organization described in Section 501(c)3 of the Internal Revenue Code, classified as other than a private foundation.

Audited financial statements for Metcalfe County Health Services, Inc., a discretely presented component unit, may be requested by contacting Metcalfe County Health Services, Inc., 701 Skyline Drive, Edmonton, KY 42129.

C. Metcalfe County Elected Officials

Kentucky law provides for election of the officials above from the geographic area constituting Metcalfe County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statements of Metcalfe County, Kentucky.

D. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Metcalfe County does not report any business-type activities.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) October 1, due at discount November 1, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale in April following the delinquency date.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. Since Metcalfe County does not have any proprietary funds, its major funds are determined using governmental funds only. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the financial statements.

D. Government-wide and Fund Financial Statements (Continued)

Governmental Funds

The government reports the following major governmental funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Governor's Office for Local Development requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck license distribution, municipal road aid, and transportation grants. The Governor's Office for Local Development requires the fiscal court to maintain these revenues and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail revenues and expenditures of the county. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. The Governor's Office for Local Development requires the fiscal court to maintain these revenues and expenditures separately from the General Fund.

Ambulance Fund – This fund is used to account for revenues and expenditures for the ambulance service. The primary sources of revenue for this fund are real and personal property, motor vehicle, and other taxes. Expenditures are for protection to persons and property.

Courthouse Renovation Fund – The primary function of this fund is for the renovations of the Metcalfe County Courthouse.

Metcalfe County Public Properties Corporation Sinking Fund – The primary function is to account for the accumulation of resources for the payment of general and long-term debt principal and interest. Debt service is provided by rental payments in the amount of the bond payments from Administrative Office of the Courts, Commonwealth of Kentucky.

Metcalfe County Public Properties Corporation Construction Fund – The primary function of this fund is for construction of the Metcalfe County Courthouse Facility. Revenue came from an additional bond issuance and the expenditures account for the construction of the facility.

The government also has the following non-major funds: Local Government Economic Assistance Fund, State Grants Fund, Disaster and Emergency Services Fund, Parks and Recreation Fund, Federal Grants Fund, and Homeland Security Fund, which are presented as Special Revenue Funds. The Special Revenue Funds are used to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

E. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificate of deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Note 1. Summary of Significant Accounting Policies (Continued)

E. Deposits and Investments (Continued)

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

F. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (road and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization Threshold	Useful Life (Years)
Land Improvements	\$ 12,500	10-60
Buildings and Building Improvements	\$ 25,000	10-75
Machinery and Equipment	\$ 1,000	3-25
Vehicles	\$ 1,000	3-25
Infrastructure	\$ 10,000	10-50

G. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest is reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

Note 1. Summary of Significant Accounting Policies (Continued)

H. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

I. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

Formal budgets are not adopted for the Metcalfe County Public Properties Corporation Sinking Fund. The Metcalfe County Public Properties Corporation Sinking Fund consists of funds related to the debt service requirements of a bond issuance. The Governor's Office for Local Development does not require these funds to be budgeted.

J. Related Organizations

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. Based on these criteria, the following is considered a related organization of Metcalfe County Fiscal Court: Edmonton Metcalfe County Industrial Development Authority.

K. Joint Ventures

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. Based upon these criteria, the following are considered joint ventures of the Metcalfe County Fiscal Court.

Ambulance Service Corporation, Inc.

The Metcalfe County Fiscal Court has retained an ongoing financial responsibility for the Ambulance Service Corporation, Inc. (Ambulance Service). The Ambulance Service is a joint venture among Barren County Fiscal Court, City of Edmonton, City of Glasgow, TJ Sampson Community Hospital, and Metcalfe County Fiscal Court to provide emergency medical care service and transportation to the citizens of Barren County, City of Glasgow, and Metcalfe County. Each participating entity is responsible for a proportionate part of any deficit (10 percent of deficit for each board member.) The Fiscal Court has two board members; therefore, the Fiscal Court is responsible for 20 percent of any deficits of the Ambulance Service.

Barren/Metcalfe Emergency Communications Center

The Metcalfe County Fiscal Court, Barren County Fiscal Court, City of Glasgow, City of Cave City, City of Park City, City of Hiseville, and City of Edmonton entered into an interlocal agreement to provide enhanced 911 services to the citizens of Metcalfe County and Barren County. The interlocal agreement established Barren/Metcalfe Emergency Communications Center (BMECC). Under the agreement, the Metcalfe County Fiscal Court is required to establish and collect 911 fees. These 911 fees are to be remitted to BMECC.

Edmonton/Metcalfe County 911 Board

The Metcalfe County Fiscal Court (Fiscal Court) and City of Edmonton entered into an interlocal agreement to provide 911 services to the citizens of Metcalfe County. On September 14, 1993, the Fiscal Court voted to “share 50/50 the cost of police dispatching” with the City of Edmonton.

Green River Animal Shelter

The Metcalfe County Fiscal Court and Adair County Fiscal Court entered into an interlocal agreement for the establishment and maintenance of the Green River Animal Shelter.

Note 2. Deposits

The county maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) in accordance with KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a depository institution's failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial risk but rather follows the requirements of KRS 41.240(4). As of June 30, 2006, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

Note 6. Interest On Long-term Debt and Financing Obligations

Debt Service on the Statement of Activities includes \$119,999 in interest on financing obligations and \$193,721 in interest on bonds.

Note 7. Employee Retirement System

The county has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 10.98 percent. Hazardous covered employees are required to contribute 8 percent of their salary to the plan. The county's contribution rate for hazardous employees was 25.01 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, Kentucky 40601-6124, or by telephone at (502) 564-4646.

Note 8. Insurance

For the fiscal year ended June 30, 2006, Metcalfe County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

METCALFE COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2006

Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

**Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards**

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Metcalfe County, Kentucky, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated January 9, 2008, wherein we issued a qualified opinion on the discretely presented component unit because it did not issue its financial statements in accordance with the modified cash basis of accounting. We did not audit the financial statements of Metcalfe County Health Services, Inc. Other auditors whose report has been furnished to us audited those financial statements. Metcalfe County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. The audit of the Metcalfe County Health Services, Inc. was not conducted in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Metcalfe County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Metcalfe County's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. The reportable conditions are described in the accompanying schedule of findings and questioned costs as items: 2006-01, 2006-02, 2006-03, 2006-04, and 2006-05.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider items: 2006-03 and 2006-05 to be material weaknesses.

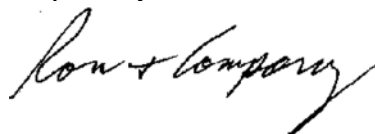

Compliance And Other Matters

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards
(Continued)

As part of obtaining reasonable assurance about whether Metcalfe County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items: 2006-06 and 2006-07.

This report is intended solely for the information and use of Metcalfe County Fiscal Court and the Kentucky Governor's Office for Local Development and is not intended to be and should not be used by anyone other than the specified parties.

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control Over
Compliance In Accordance With OMB Circular A-133

Compliance

We have audited the compliance of Metcalfe County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. Metcalfe County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Metcalfe County's management. Our responsibility is to express an opinion on Metcalfe County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Metcalfe County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Metcalfe County's compliance with those requirements.

In our opinion Metcalfe County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Metcalfe County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Metcalfe County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Over Compliance In Accordance With OMB Circular A-133
(Continued)

Internal Control Over Compliance (Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

7. The programs tested as major programs were: Homeland Security Grant Program (CFDA #97.067) and Disaster Grants – Public Assistance (CFDA #97.036).
8. The threshold for distinguishing Type A and B programs was \$300,000.
9. Metcalfe County was not determined to be a low-risk auditee.

B. FINDINGS-FINANCIAL STATEMENT AUDIT

2006-01 The County Should Improve Its Internal Control Procedures

The County has a lack of segregation of duties. Due to the entity's diversity of official operations, small size, and budget restrictions the County has limited options for establishing an adequate segregation of duties. We recommend the following procedures be implemented to strengthen the internal control weaknesses:

- An independent person should list all receipts and agree them back to the treasurer's receipts ledger. Also, the employee opening the mail should keep a listing of all checks received for that day, detailing the date received, the check amount, whom it is from, and what the check is for.
- An independent person should open bank statements and review them for unusual items, such as debit memos, and overdraft charges. This person by initialing the bank statement can document this.
- An independent person should review the treasurer's bank reconciliations for accuracy. The person completing this review should initial the bank reconciliation to document that a review was performed.
- An employee independent of check writing and posting duties should match purchase orders to checks and invoices. The employee who signs the checks should cancel the purchase orders and invoices to ensure invoices are not paid twice.
- The receipt of cash, the disbursement of cash, and the posting of cash to the ledgers should be delegated to separate individuals.
- The County should implement stronger internal controls over the computer system. All transactions should be backed up daily on a disk and should be secured off-site.

County Judge/Executive Greg Wilson's Response:

The County will strive to implement the procedures to improve internal control and put in place corrective action as limited staff will allow.

B. FINDINGS-FINANCIAL STATEMENT AUDIT (Continued)

2006-02 The County Should Maintain Proper Records For The Public Properties Corporation

The County should maintain proper records for the Public Properties Corporation (PPC) – Sinking Fund and Construction Fund. Since the Fiscal Court is financially accountable and legally obligated for the debt of the PPC, it is a blended component unit of the Fiscal Court. The County should receive the bank statements for the PPC, maintain a receipts and disbursements ledger, reconcile the account monthly, and prepare a financial statement. We recommend the County maintain proper records for the PPC in the future.

County Judge/Executive Greg Wilson's Response:

The County will maintain proper records for the Metcalfe County Public Properties Corporation in the future.

2006-03 The County Should Maintain Complete And Accurate Capital Asset Schedules To Comply With GASB 34 Requirements

The County did not have a completed capital asset schedule for fiscal year ended June 30, 2006. A list of capital asset additions and disposals was not properly maintained. A schedule of additions should be maintained as assets are purchased to simplify the process of updating the capital asset schedule. The schedule should include the date the asset was acquired, a description of the asset, the vendor name, and the amount. Invoices for asset acquisition and invoices for all other disbursements should be kept on file in a manner that allows retrieval of the original invoice for review and verification as needed by management and auditors. Further, we believe that the capital asset listing should be monitored and maintained on a regular basis. As new assets are acquired they should be added to the listing. As equipment is disposed of it should be removed from the listing. Additionally, the County should take a physical inventory of its capital assets on a regular basis (such as every two to three years) or at the beginning of a new administration to ensure that only active, in-service machinery and equipment is included on the County's financial statements. This will ensure that fixed assets are properly stated and that depreciation is being calculated from a reliable listing. We recommend that the County maintain complete and accurate capital assets schedules to comply with GASB 34 requirements and take a physical inventory of capital assets on a regular basis.

County Judge/Executive Greg Wilson's Response:

The County will maintain complete and accurate capital asset schedules to ensure compliance.

B. FINDINGS-FINANCIAL STATEMENT AUDIT (Continued)

2006-04 The County Should Review Control Activities Of The Accounting Software

Through observation and inquiry, it was noted that several deficiencies appear to exist with regards to the Fiscal Court's accounting software. The software is installed on the following computers: the Judge, the Finance Officer, and the Treasurer. User restrictions are not in place leaving the accounting and financial data prone to manipulation. The system does not have passwords and can be easily accessed. In addition, the payroll software does not have adequate restrictions and controls. The payroll software allows any user to add or delete vacation, sick, and holiday hours that have accrued to an employee. We believe this is a significant deficiency that could result in employees receiving additional pay that has not been earned.

We recommend that the Fiscal Court contact its systems administrator or software manufacturer. Specifically, the accounting and payroll software should be reviewed and the following controls implemented:

- Identify authorized users and define their access to relevant information.
- Establish physical and logical controls to prevent or detect unauthorized access.
- Limit access to the accounting and payroll software based on job responsibilities and document user authorizations.
- Passwords should be changed periodically and employees should not share their password with others.
- Establish adequate physical controls to ensure that access to computer workstations are restricted to authorized personnel. For example, employees should log off when leaving their office or desk.
- Establish appropriate procedures for back-up and storage of applications and data files.
- The Treasurer and Finance Officer should only have access privileges to the accounting and payroll software for their specified duties.

County Judge/Executive Greg Wilson's Response:

The County will contact the system software manufacturer and request controls suggested. Payroll records of leave time earned and used are maintained manually providing supporting verification.

2006-05 The County Should Improve Purchase and Procurement Procedures

During testing we noted instances of nonfederal expenditures tested that either did not have the original supporting documentation or were not paid within 30 days. KRS 65.140(2) states, "All bills for goods or services shall be paid within thirty (30) workings days of receipt of a vendor's invoice."

Good internal controls dictate that adequate original supporting documentation be maintained for all receipts and disbursements. All original invoices should be maintained, agreed to the corresponding purchase order, and canceled upon payment. Copies are not acceptable.

Lack of proper accounting practices and internal control increase the risk that misstatements of financial activity and/or fraud will occur and go undetected by the fiscal court. Without proper procedures in place to mitigate this risk, the fiscal court is exposing public resources to potential misstatements and/or fraud.

B. FINDINGS-FINANCIAL STATEMENT AUDIT (Continued)

2006-05 The County Should Improve Purchase and Procurement Procedures (Continued)

We recommend the fiscal court maintain all original invoices and ensure that all purchase orders are signed. Also, invoices should be agreed to purchase orders and discrepancies should be investigated and resolved.

County Judge/Executive Greg Wilson's Response:

The County will make every effort to obtain original invoices for supporting documentation as recommended.

2006-06 The County Should Amend And File The Former Judge/Executive's 2005 W-2

During payroll testing, it was determined that the former Judge/Executive's 2005 W-2 was incorrect. The Judge/Executive declined training incentive monies from years prior to the December 2004 year-end. The Fiscal Court was then instructed by GOLD to pay the Judge's training incentive money retroactively. A check was issued to the Judge in the gross amount of \$12,009. This amount was not included on the Judge's 2005 W-2.

We recommend the fiscal court amend and file a 2005 W-2 for the former Judge/Executive and file a 1st quarter 941-C for year ended December 31, 2005. We also recommend that in the future, transactions such as the one mentioned above be performed through the payroll system in order to help ensure the accuracy of payroll filings.

County Judge/Executive Greg Wilson's Response:

The County will amend and file a corrected 2005 W-2 for the Judge/Executive and file a first quarter 941-C for calendar year 2005.

2006-07 The County Failed To Adequately Identify Federal Programs And Federal Monies

The County has failed to identify Federal programs and Federal monies for audit year ended June 30, 2006. As a result, the County was not aware that they were subject to A-133 Single Audit requirements in the year ended June 30, 2006.

OMB Circular A-133, Subpart C-Auditees; .300 Auditee responsibilities states,

The auditee shall:

- Identify, in its accounts, all Federal awards received and expended and the Federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency, and the name of the pass-through entity.
- Prepare appropriate financial statements, including the schedule of expenditures of Federal awards in accordance with .310"
- Federal expenditures should be marked, as Federal expenditures to ensure proper accounting and a separate line item should be maintained in the appropriation ledger to identify federal expenditures including FEMA expenditures.

We further recommend suggested procedures be put into place to ensure that all Federal grants awarded and expended during a fiscal year are included on the schedule.

County Judge/Executive Greg Wilson's Response:

The County will comply by identifying federal programs and federal monies.
